NAME, FORMATION AND HISTORY OF THE COMPANY

Commerce Split Corp. (the “Company”) is a mutual fund corporation incorporated under the laws of Ontario by articles of incorporation dated November 27, 2006, as amended January 22, 2007 and March 24, 2010. The Company was created to provide exposure to common shares of Canadian Imperial Bank of Commerce (the “Bank”). The principal office address of the Company is 77 King Street West, Suite 4500, Toronto, Ontario M5K 1K7.

Quadravest Capital Management Inc. (“Quadravest”) is the manager and investment manager for the Company and each Fund (as defined below). Quadravest is the manager and investment manager of 14 other public mutual fund corporations and one public mutual fund trust with total assets under management of approximately \$1.4 billion. The principal office address of Quadravest is at 77 King Street West, Suite 4500, Toronto, Ontario M5K 1K7, and its website address is www.quadravest.com.

On February 16, 2007 and March 5, 2007, the Company completed its initial public offering of 8,710,000 Priority Equity Shares and 8,710,000 Class A Shares pursuant to a prospectus dated January 23, 2007 (the “Initial Prospectus”). Such offering was completed on the basis that an equal number of Priority Equity Shares and Class A Shares would be issued and outstanding at all times.

A special meeting of the shareholders of the Company was held on Thursday, February 3, 2010, at which a special resolution to reorganize the capital of the Company (the “Capital Reorganization”) was passed. The Capital Reorganization resulted in the assets of the Company being allocated to two separate investment portfolios (each a “Fund”), designated the “Original Commerce Split Fund” and the “New Commerce Split Fund”. Each Fund is considered to be a separate investment fund within the Company for securities law purposes.

The Capital Reorganization provided shareholders with the opportunity to select one of these two Funds. Shareholders were permitted to maintain the investment characteristics of their existing Priority Equity Shares or Class A Shares (a status quo option), through the Original Commerce Split Fund. Under the Original Commerce Split Fund, two classes of shares were created, being the Priority Equity Shares 2010 and Class A Shares 2010. The rights, privileges, restrictions and conditions attaching to these two classes of shares were substantially the same as those attached to the Priority Equity Shares and Class A Shares, respectively. Holders of Priority Equity Shares who elected to participate in the Original Commerce Split Fund received one Priority Equity Share 2010 for each Priority Equity Share held. Holders of Class A Shares received one Class A Share 2010 for each Class A Share held. Priority Equity Shares 2010 and Class A Shares 2010 were issued on the basis that an equal number of Priority Equity Shares 2010 and Class A Shares 2010 (together, an “Original Unit”) would be issued and outstanding at all times.

Under the New Commerce Split Fund, the Company created three new classes of shares: Preferred Shares, Class I (the “Class I Preferred Shares”), Preferred Shares, Class II (the “Class II Preferred Shares”) and Capital Shares. The Company also created two series of warrants (the “2011 Warrants” and the “2012 Warrants”) to acquire one Class I Preferred Share, one Class II Preferred Share and one Capital Share (together, a “New Unit”). Holders of the existing Priority Equity Shares who did not elect to receive Priority Equity Shares 2010 of the Original Commerce Split Fund received the following securities for each Priority Equity Share held:

- (a) one Class I Preferred Share, having a notional issue price of \$5.00 and paying fixed cumulative preferential monthly dividends to yield 7.50% per annum on such notional issue price, and having a repayment objective on or about December 1, 2014 or such

other date as the New Commerce Split Fund may terminate (the “Termination Date” of the New Commerce Split Fund) of \$5.00;

- (b) one Class II Preferred Share, having a notional issue price of \$5.00 and paying distributions to yield 7.50% per annum on such notional issue price if and when the net asset value per New Unit exceeds \$12.50 and having a repayment objective on the Termination Date of the New Commerce Split Fund of \$5.00;
- (c) one-half of a 2011 Warrant, which can be exercised to purchase one Class I Preferred Share, one Class II Preferred Share and one Capital Share for an aggregate exercise price of \$10.00 at specified times until February 28, 2011; and
- (d) one 2012 Warrant, which can be exercised to purchase one Class I Preferred Share, one Class II Preferred Share and one Capital Share for an aggregate exercise price of \$12.50 at specified times until February 28, 2012.

Holders of the existing Class A Shares who did elect to receive Class A Shares 2010 of the Original Commerce Split Fund received approximately 0.28 of a Class A Share 2010 of the Original Commerce Split Fund and 0.72 of a Capital Share of the New Commerce Split Fund for each Class A Share held. (In order to ensure that there were an equal number of Priority Equity Shares 2010 and Class A Shares 2010 issued and outstanding after the completion of the Capital Reorganization, as well as an equal number of Class I Preferred Shares, Class II Preferred Shares and Capital Shares outstanding thereafter, holders of Class A Shares who did not elect to participate in the Original Commerce Split Fund nevertheless were issued certain Class A Shares 2010 in such Fund). Capital Shares continue to participate in any net asset value growth in the New Commerce Split Fund over \$10.00 per New Unit and dividends will be paid on the Capital Shares only if and when the net asset value per New Unit exceeds \$15.00.

Effective on the date the Capital Reorganization was implemented, the assets and liabilities of the Company were allocated to the Original Commerce Split Fund and the New Commerce Split Fund on a pro rata basis, such that 34.1245% of those assets were allocated to the Original Commerce Split Fund and 65.8755% of those assets were allocated to the New Commerce Split Fund. An amount equal to the estimated cost of purchasing Priority Equity Shares from those shareholders who exercised their dissent rights in respect of the Capital Reorganization and the related costs of purchasing an equal number of Class A Shares for cancellation became a liability of the Original Commerce Split Fund; otherwise, liabilities were allocated between the two Funds on the same basis.

The Priority Equity Shares 2010 and the Class A Shares 2010 of the Original Commerce Split fund are listed on the Toronto Stock Exchange (“TSX”) under the symbols YCM.PR.X and YCM.X, respectively. The Class I Preferred Shares, Class II Preferred Shares, Capital Shares, 2011 Warrants and 2012 Warrants of the New Commerce Split fund are listed on the TSX under the symbols YCM.PR.B, YCM.PR.C, YCM, YCM.WT and YCM.WT.A, respectively.

This Annual Information Form describes the Original Commerce Split Fund. A separate annual information form, dated the date hereof, has been prepared for the New Commerce Split Fund and is available on SEDAR at www.sedar.com, or on request from the Company, or on the Company’s website at www.commercesplit.com.

Investment Objectives

The Company’s investment objectives with respect to the Priority Equity Shares 2010 are (a) to provide holders of the Priority Equity Shares 2010 with fixed cumulative preferential monthly cash

dividends in the amount of \$0.04375 per Priority Equity Share 2010 to yield 5.25% per annum on the notional issue price of the Priority Equity Shares 2010 (being the original issue price of the Priority Equity Shares of \$10.00 per share); and (b) on or about December 1, 2014, or such other date as the Original Commerce Split Fund may be terminated (the “Termination Date” in respect of the Original Commerce Split Fund), to pay the holders of the Priority Equity Shares 2010 the notional issue price of the Priority Equity Shares 2010 (the “Priority Equity Share 2010 Repayment Amount”).

The Company’s investment objectives with respect to the Class A Shares 2010 are (a) to provide holders of Class A Shares 2010 with regular monthly cash dividends targeted to be \$0.05 per Class A Share 2010 to yield 6.0% per annum on the notional issue price of the Class A Shares 2010 (being the original issue price of the Class A Shares of \$10.00 per share); and (b) on or about the Termination Date of the Original Commerce Split Fund, to pay the holders of Class A Shares 2010 at least such notional issue price of the Class A Shares 2010. Holders of the Class A Shares 2010 will also be entitled to receive, on at the time of the final redemption of such shares on the Termination Date of the Original Commerce Split Fund, the balance, if any, of the value of the Original Commerce Split Fund remaining after returning the notional issue price to the holders of the Priority Equity Shares 2010 and Class A Shares 2010 of the Original Commerce Split Fund and redeeming the Class B Shares of the Company.

The Company invests in common shares of the Bank (the “Portfolio”). To supplement the dividends earned on those common shares and to reduce risk, the Company will from time to time write covered call options in respect of all or a part of common shares of the Bank that it holds in the Original Commerce Split Fund. The number of such common shares that are the subject of call options and the terms of such options will vary from time to time as determined by Quadravest. In addition, the Company may also write cash covered put options or purchase call options with the effect of closing out existing call options written by the Company in the Original Commerce Split Fund and may also purchase put options in order to protect the Company from declines in the market prices of the common shares of the Bank that it holds in the Original Commerce Split Fund.

In addition to the restrictions and limitations on the Company’s investing activities discussed under “*Investment Restrictions*” below, the Company will not invest in or hold (i) securities of or an interest in any non-resident entity, an interest in or a right or option to acquire such property, or an interest in a partnership which holds any such property if the Company (or the partnership) would be required to include any significant amounts in income pursuant to section 94.1 of the *Income Tax Act* (Canada) (the “Tax Act”), or (ii) any interest in a trust which would require the Company to report income in connection with such interest pursuant to the rules in proposed section 94 of the Tax Act set forth in the draft legislative proposals released by the Minister of Finance (Canada) on August 27, 2010 (or amendments to such proposals, provisions as enacted into law or successor provisions thereto).

Priority Equity Portfolio Protection Plan

The Company has adopted a strategy (the “Priority Equity Portfolio Protection Plan”) in respect of the Original Commerce Split Fund which is intended to provide that the Priority Equity Share 2010 Repayment Amount will be paid in full to holders of the Priority Equity Shares 2010 on the Termination Date.

The Priority Equity Portfolio Protection Plan provides that if the net asset value of the Original Commerce Split Fund declines below a specified level, Quadravest will liquidate a portion of the common shares of the Bank held by the Company in respect of the Original Commerce Split Fund and use the net proceeds to acquire (i) qualifying debt securities or (ii) certain securities and enter into a forward agreement (collectively, the “Permitted Repayment Securities”) in order to cover the Priority Equity Share 2010 Repayment Amount in the event of further declines in the net asset value of the Original Commerce Split

Fund. To qualify as Permitted Repayment Securities, debt securities must be issued or guaranteed by the government of Canada or a province or the government of the United States, or be short term commercial paper with a rating of at least R-1 (mid) by DBRS Limited (“DBRS”) or the equivalent rating from another rating organization.

Under the Priority Equity Portfolio Protection Plan, the amount of the Company’s net assets attributable to the Original Commerce Split Fund, if any, required to be allocated to Permitted Repayment Securities (the “Required Amount”) will be determined such that (i) the net asset value of the Original Commerce Split Fund, less the value of the Permitted Repayment Securities held by the Original Commerce Split Fund, is at least 125% of (ii) the Priority Equity Share 2010 Repayment Amount, less the amount anticipated to be received by the Company in respect of its Permitted Repayment Securities on the Termination Date of the Original Commerce Split Fund.

The Company may unwind the Priority Equity Portfolio Protection Plan by selling Permitted Repayment Securities and using the net proceeds from such sale to purchase additional common shares of the Bank in the Original Commerce Split Fund if, and then only to the extent, the value of the Permitted Repayment Securities exceeds the Required Amount.

If the Company enters into a forward agreement (a “Forward Agreement”) in connection with the Priority Equity Portfolio Protection Plan, the counterparty to such agreement (the “Counterparty”) will agree to pay to the Company on the Termination Date for the benefit of the Original Commerce Split Fund an amount (the “Forward Amount”) in exchange for the Company agreeing to deliver to the Counterparty on the Termination Date certain equity securities held in the Original Commerce Split Fund agreed upon by the Company and the Counterparty (all of which constitute “Canadian securities” as defined in subsection 39(6) of the Tax Act) and purchased by the Company with the net proceeds of the sale of common shares of the Bank held by the Company in the Original Commerce Split Fund. The long term debt of the Counterparty, or of a guarantor of its obligations to the Company, will be rated at least A by DBRS, or have an equivalent rating from another major rating organization. In connection with any such Forward Agreement, the Company will either pledge to the Counterparty the securities of the Original Commerce Split Fund sold to the Counterparty under the Forward Agreement or deposit other acceptable securities of the Original Commerce Split Fund with the Counterparty as security for the obligations of the Company under the Forward Agreement in accordance with industry practice for this type of transaction. A Forward Agreement will provide for partial dispositions of the Permitted Repayment Securities subject to the Forward Agreement so as to permit the Company to unwind the Priority Equity Portfolio Protection Plan when permitted to do so by its terms, or in the case of retractions of Priority Equity Shares 2010 and Class A Shares 2010 occurring prior to the Termination Date of the Original Commerce Split Fund.

The Company first implemented the Priority Equity Portfolio Protection Plan in respect of the Priority Equity Shares in March 2008. A sharp decline in the value of the common shares of the Bank resulted in the Company’s net asset value being reduced significantly and thus required the Company to implement the Priority Equity Portfolio Protection Plan. A recovery in the Bank share price allowed the Company to subsequently unwind the Priority Equity Portfolio Protection Plan, but it re-implemented it in June 2008. It was continued in respect of the Priority Equity Shares 2010 following the implementation of the Capital Reorganization.

As at February 15, 2011 (the last Valuation Date (as defined below) for the Original Commerce Split Fund prior to the date of this Annual Information Form), the net asset value per Original Unit of the Original Commerce Split Fund was \$8.91. As at such date, 73.2% of the net assets of the Original Commerce Split Fund were in fixed income securities (including cash) held in respect of the Priority

Equity Portfolio Protection Plan and the remaining 26.8% of the net assets of the Original Commerce Split Fund was in common shares of the Bank.

INVESTMENT RESTRICTIONS

The Company is subject to, and the investment portfolio of each Fund is managed in accordance with, certain standard restrictions and practices prescribed by securities legislation of each of the provinces of Canada, including National Instrument 81-102 Mutual Funds (“NI 81-102”), and any deviation from these restrictions and practices requires the prior approval of the Canadian Securities Administrators of each of the provinces of Canada. These restrictions and practices are designed, in part, to ensure that the Company’s investments are relatively liquid and to ensure the proper administration of the Company. The Company has been exempted, pursuant to a decision document of the Canadian Securities Administrators dated January 22, 2007, from the requirements of section 2.1(1) of NI 81-102 (among other provisions), so as to permit the Company to invest in the shares of the Bank on the basis described herein. The Company was also granted relief, pursuant to a decision document of the Canadian Securities Administrators dated October 3, 2008, from the provisions of sections 2.6(a)(ii), 2.7(1)(a)(ii) and 2.7(4) of NI 81-102 in connection with any forward agreement the Company might enter into in connection with the Priority Equity Portfolio Protection Plan.

The Company is also subject to certain additional investment restrictions or criteria that, among other things, limit the securities the Company may acquire for the Original Commerce Split Fund or the New Commerce Split Fund. The Company’s investment restrictions and criteria as they relate to the Original Commerce Split Fund may not be changed without the approval of the holders of the Priority Equity Shares 2010 and the Class A Shares 2010 by a two-thirds majority vote at a meeting called for such purpose. See “*Description of the Shares of the Company — Acts Requiring Shareholder Approval*”. In this regard, in respect of the Original Commerce Split Fund, the Company may not:

- (a) purchase securities of any issuer unless such securities are common shares of the Bank or are Permitted Repayment Securities;
- (b) make any investment or conduct any activity that would result in the Company failing to qualify as a “mutual fund corporation” within the meaning of the Tax Act;
- (c) write a call option in respect of a common share of the Bank unless such share is held by the Company at the time the option is written or dispose of such a share that is subject to a call option written by the Company unless that option has either been terminated or has expired;
- (d) enter into any arrangement (including the acquisition of securities and the writing of covered call options in respect thereof) where the main reason for entering into the arrangement is to enable the Company to receive a dividend on such securities in circumstances where, under the arrangement, someone other than the Company bears the risk of loss or enjoys the opportunity for gain or profit with respect to such securities in any material respect;
- (e) acquire or continue to hold any security that is a “specified property” as defined in subsection 18(1) of the legislative proposals to amend the Tax Act released by the Minister of Finance (Canada) on September 16, 2004 if the total of all amounts each of which is the fair market value of a specified property would exceed 10% of the total of all amounts each of which is the fair market value of a property of the Company; and

- (f) purchase any securities that would be “offshore investment fund property” (as defined in the Tax Act) that would result in any amount being included in the Corporation’s income under section 94.1 of the Tax Act (as amended from time to time) or any successor provision thereto.

DESCRIPTION OF THE SHARES OF THE COMPANY

The Company in respect of the Original Commerce Split Fund is authorized to issue an unlimited number of Priority Equity Shares 2010, an unlimited number of Class A Shares 2010 and 1,000 Class B Shares, of which as at the date of this Annual Information Form there are issued and outstanding 1,000 Class B Shares, 1,223,427 Priority Equity Shares 2010 and 1,223,427 Class A Shares 2010. The attributes of the Priority Equity Shares 2010 and Class A Shares 2010 are described below under “*Description of the Shares of the Company – Certain Provisions of the Priority Equity Shares 2010*” and “*Description of the Shares of the Company – Certain Provisions of the Class A Shares 2010*”, respectively. The Company has no current intention of issuing additional Priority Equity Shares 2010 or Class A Shares 2010, but is not precluded from doing so in the future. The Company will not issue additional Class B Shares.

Class B Shares

The holders of Class B Shares are not entitled to receive dividends. The holders of the Class B Shares will be entitled to one vote per share. The Class B Shares are retractable at a price of \$1.00 per share and have a liquidation entitlement of \$1.00 per share. The Class B Shares rank prior to the Priority Equity Shares 2010 and the Class A Shares 2010 with respect to such nominal liquidation entitlement on the dissolution, liquidation or winding-up of the Original Commerce Split Fund.

Certain Provisions of the Priority Equity Shares 2010

Dividends

The Company will pay, as and when declared by the Board of Directors of the Company, a fixed cumulative preferential monthly dividend of \$0.04375 per Priority Equity Share 2010 to holders of Priority Equity Shares 2010 on the last day of each month (each a “Dividend Record Date”). Dividends that are declared by the Board of Directors of the Company will be payable to holders of Priority Equity Shares 2010 of record at 5:00 p.m. (Eastern Standard Time) on the applicable Dividend Record Date, with payment being made within 15 days thereafter. Each holder of Priority Equity Shares 2010 will be mailed annually, no later than February 28, information necessary to enable such shareholder to complete an income tax return with respect to amounts paid or payable by the Company in respect of the preceding calendar year. See “*Canadian Federal Income Tax Considerations*”.

No regular monthly dividends were paid to holders of the Priority Equity Shares 2010 during the Company’s last fiscal year ended November 30, 2010. No dividends have been paid on the Priority Equity Shares 2010 during the Company’s current fiscal year. The Company will continue to monitor the situation and intends to pay dividends on the Priority Equity Shares 2010 in accordance with their terms if circumstances permit. Cumulative dividends in arrears on the Priority Equity Shares 2010 amounted to \$1.05 per Priority Equity Share 2010 as at February 15, 2011.

Payments on Termination

All Priority Equity Shares 2010 outstanding on the Termination Date of the Original Commerce Split Fund will be redeemed by the Company on such date. Immediately prior to the Termination Date of

the Original Commerce Split Fund, the Company will, to the extent possible, convert the assets of the Company attributable to the Original Commerce Split Fund to cash and will pay or make adequate provision for all of the Company's liabilities attributable to the Original Commerce Split Fund. The Company will, to the extent possible, after receipt of the net cash proceeds of the liquidation of such assets, distribute the Priority Equity Share 2010 Repayment Amount of \$10.00 per Priority Equity Share 2010 to holders of Priority Equity Shares 2010 as soon as practicable after the Termination Date of the Original Commerce Split Fund.

Payments on Liquidation

In the event the Company receives notice from the TSX that the Priority Equity Shares 2010 or the Class A Shares 2010 are to be delisted by the TSX, or if the net asset value of the Original Commerce Split Fund shall on any Valuation Date (as defined below) is less than \$5,000,000 (each such event a "Liquidation Event"), the Company shall redeem all outstanding Priority Equity Shares 2010 and the Class A Shares 2010 on a date determined by the directors of the Company (the "Liquidation Date") upon payment:

- (a) of an amount (the "Priority Equity Share 2010 Liquidation Redemption Amount") in respect of each Priority Equity Share 2010 to be so redeemed equal to the sum of (i) the net asset value per Original Unit on the Liquidation Date multiplied by a fraction, the numerator of which is the volume-weighted average trading price on the TSX (the "VWAP") of the Priority Equity Shares 2010 calculated over the 20 trading days ending immediately prior to the announcement by the Company of the occurrence of the Liquidation Event and the denominator of which is the aggregate VWAP of the Priority Equity Shares 2010 and the Class A Shares 2010 calculated over the 20 trading days ending immediately prior to such announcement, plus (ii) all accrued and unpaid and declared and unpaid dividends on a Priority Equity Share to be so redeemed to but excluding the Liquidation Date; and
- (b) of an amount (the "Class A Share Liquidation Redemption Price") in respect of each Class A Share 2010 to be so redeemed equal to the sum of (i) the net asset value per Original Unit on the Liquidation Date multiplied by a fraction, the numerator of which is the VWAP of the Class A Shares calculated over the 20 trading days ending immediately prior to the announcement by the Company of the occurrence of the Liquidation Event and the denominator of which is the aggregate VWAP of the Class A Shares and the Priority Equity Shares calculated over the 20 trading days ending immediately prior to such announcement, plus (ii) all declared and unpaid dividends on a Class A Share to be so redeemed to but excluding the Liquidation Date.

The Company shall, at least 30 days prior to the Liquidation Date, provide notice to each person who is a registered holder of Priority Equity Shares 2010 or Class A Shares 2010 to be redeemed of the intention of the Company to redeem such shares. Such notice shall set out the Liquidation Date and the manner and place or places within Canada at which such shares will be so redeemed. As at the most recent Valuation Date prior to the date of this Annual Information Form, the net asset value of the Company was \$8.91.

Retraction Privileges

Priority Equity Shares 2010 may be surrendered at any time for retraction to Computershare Investor Services Inc. ("Computershare"), the Company's registrar and transfer agent, but will be retracted only as of the last business day of each month (a "Retraction Date"). Priority Equity Shares

2010 surrendered for retraction by a holder at least 20 business days prior to a Retraction Date will be retracted and the holder will receive payment on or before the 15th business day following such Retraction Date (the “Retraction Payment Date”). If a holder of Priority Equity Shares 2010 makes such surrender after 5:00 p.m. (Eastern Standard Time) on the 20th business day immediately preceding a Retraction Date, the Priority Equity Shares 2010 will be retracted on the Retraction Date in the following month and the holder will receive payment for the retracted shares as of the Retraction Payment Date in respect of the Retraction Date in the following month.

Except as noted below, holders of Priority Equity Shares 2010 whose shares are surrendered for retraction will be entitled to receive a price per share (the “Priority Equity Share 2010 Retraction Price”) equal to the lesser of (i) \$10.00; and (ii) 98% of the net asset value per Original Unit determined as of the Retraction Date less the cost to the Company of the purchase of a Class A Share 2010 in the market for cancellation. For this purpose, the cost of the purchase of a Class A Share 2010 will include the purchase price of the Class A Share 2010 and commissions and costs, if any, related to the liquidation of any portion of the common shares of the Bank or Permitted Repayment Securities to fund the purchase of the Class A Share 2010 (to a maximum of 1% of the net asset value per Original Unit). The Priority Equity Share 2010 Retraction Price will also include all accrued and unpaid and declared and unpaid dividends on the Priority Equity Shares 2010 to but excluding such Retraction Date.

Shareholders also have an annual retraction right under which they may concurrently retract an equal number of Priority Equity Shares 2010 and Class A Shares 2010 on the October Retraction Date in each year. The price paid by the Company for such a concurrent retraction will be equal to the net asset value per Original Unit calculated as of such date, plus all accrued and unpaid and declared and unpaid dividends on the Priority Equity Shares 2010 and Class A Shares 2010 so surrendered for retraction.

As disclosed below under “*Description of the Shares of the Company – Resale of Shares Tendered for Retraction*”, if a holder of Priority Equity Shares 2010 tendered for retraction has not withheld his or her consent thereto in the manner provided in the retraction notice delivered to CDS Clearing and Depository Services Inc. (“CDS”) through a participant in the CDS book-entry system (a “CDS Participant”), the Company may, but is not obligated to, require the Recirculation Agent (as defined below) to use its best efforts to find purchasers for any Priority Equity Shares 2010 tendered for retraction prior to the relevant Retraction Payment Date pursuant to the Recirculation Agreement (as defined below). In such event, the amount to be paid to the holder of the Priority Equity Shares 2010 on the Retraction Payment Date will be an amount equal to the proceeds of the sale of the Priority Equity Shares 2010 less any applicable commission. Such amount will not be less than the Priority Equity Share 2010 Retraction Price. Holders of Priority Equity Shares 2010 are free to withhold their consent to such treatment and to require the Company to retract their Priority Equity Shares 2010 in accordance with their terms.

Subject to the Company’s right to require the Recirculation Agent to use its best efforts to find purchasers prior to the relevant Retraction Payment Date for any Priority Equity Shares 2010 tendered for retraction, any and all Priority Equity Shares 2010 which have been surrendered to the Company for retraction are deemed to be outstanding until (but not after) the close of business on the relevant Retraction Date, unless the Priority Equity Share 2010 Retraction Price is not paid on the Retraction Payment Date, in which event such Priority Equity Shares 2010 will remain outstanding.

The retraction right must be exercised by causing written notice to be given within the notice periods prescribed herein and in the manner described under “*Description of the Shares of the Company – Book-Entry System*” below. Such surrender will be irrevocable upon the delivery of notice to CDS through a CDS Participant, except with respect to those Priority Equity Shares 2010 which are not retracted by the Company on the relevant Retraction Date.

If any Priority Equity Shares 2010 are tendered for retraction and are not resold in the manner described below under “*Description of the Shares of the Company – Resale of Shares Tendered for Retraction*”, the Company will, prior to the Retraction Payment Date, purchase for cancellation that number of Class A Shares 2010 which equals the number of Priority Equity Shares 2010 so retracted. Any Class A Shares 2010 so purchased for cancellation will be purchased in the market.

Priority and Rating

The Priority Equity Shares 2010 rank in priority to the Class A Shares 2010 with respect to the payment of dividends and the repayment of capital on the dissolution, liquidation or winding-up of the Original Commerce Split Fund. The Priority Equity Shares 2010 have not been rated by any rating organization.

Certain Provisions of the Class A Shares 2010

Dividends and other Distributions

The policy of the Board of Directors of the Company is to endeavour to declare and pay regular monthly dividends targeted to be \$0.05 per Class A Share 2010. It is also the policy of the Board of Directors of the Company to pay dividends to the holders of Class A Shares 2010 in a year in an amount equal to all net realized capital gains, dividends and option premiums (other than option premiums in respect of options outstanding at year end) earned by the Company in respect of the Original Commerce Split Fund in such year (net of expenses, taxes and loss carry-forwards) that are in excess of the dividends paid on the Priority Equity Shares 2010. Accordingly, if any amounts remain available in the Original Commerce Split Fund for the payment of dividends after payment of the dividends on the Priority Equity Shares 2010 and the regular monthly dividends on the Class A Shares 2010, a special year-end dividend of such amount will be payable to holders of the Class A Shares 2010 of record on the last day of November in each year. Distributions paid on the Class A Shares 2010 may consist of ordinary dividends, capital gains dividends and non-taxable returns of capital.

No regular monthly dividends or other distributions will be paid on the Class A Shares 2010 in any month as long as any dividends on the Priority Equity Shares 2010 are then in arrears or so long as the net asset value per Original Unit is equal to or less than \$12.50. Additionally, it is currently intended that no special year-end dividends will be paid if after payment of such a dividend the net asset value per Original Unit would be less than \$20.00. The amount of dividends or other distributions in any particular month will be determined by the Board of Directors of the Company on the advice of Quadravest, having regard to the investment objectives of the Original Commerce Split Fund, the net income and net realized capital gains of the Company attributable to the Original Commerce Split Fund during the month and in the year to date, the net income and net realized capital gains of the Company attributable to the Original Commerce Split Fund anticipated in the balance of the year, the net asset value per Original Unit and dividends or distributions paid in respect of the Class A Shares 2010 in previous monthly periods.

No regular monthly dividends were paid to holders of the Class A Shares 2010 during the Company’s last fiscal year ended November 30, 2010. No dividends have been paid on the Class A Shares 2010 during the Company’s current fiscal year. There can be no assurances that the Company will be able to pay dividends on the Class A Shares 2010 in the future. The Company will continue to monitor the situation, however, and intends to pay dividends on the Class A Shares 2010 in accordance with its existing policy in this regard if circumstances permit.

Dividends or other distributions declared by the Board of Directors of the Company on the Class A Shares 2010 will be payable to holders of Class A Shares 2010 of record at 5:00 p.m. (Eastern Standard

Time) on the applicable Dividend Record Date with payment being made within 15 days thereafter. Each holder of Class A Shares 2010 will be mailed annually, no later than February 28, information necessary to enable such shareholder to complete an income tax return with respect to amounts paid or payable by the Company in respect of the preceding calendar year. See “*Canadian Federal Income Tax Considerations*”.

Payments on Termination

All Class A Shares 2010 outstanding on the Termination Date for the Original Commerce Split Fund will be redeemed by the Company on such date. Immediately prior to such Termination Date, the Company will, to the extent possible, convert the common shares of the Bank or other assets of the Company attributable to the Original Commerce Split Fund to cash and pay or make provision for all of the Company’s liabilities attributable to the Original Commerce Split Fund and will, to the extent possible, distribute to holders of the Priority Equity Shares 2010 the Priority Equity Share 2010 Repayment Amount of \$10.00 per Priority Equity Share for each Priority Equity Share 2010 then outstanding through the redemption of the Priority Equity Shares 2010 and return to holders of Class B Shares their aggregate initial investment amount of \$1,000 (\$1.00 per Class B Share). The Company will thereafter distribute to holders of the Class A Shares 2010 the remaining assets of the Company attributable to the Original Commerce Split Fund, if any, as soon as practicable after the Termination Date.

Payments on Liquidation

In the event a Liquidation Event occurs, the Company shall redeem all outstanding Priority Equity Shares 2010 and Class A Shares 2010 on the Liquidation Date upon payment of the Priority Equity Share 2010 Liquidation Redemption Amount in respect of each Priority Equity Share 2010 to be so redeemed and of the Class A Share Liquidation Redemption Price in respect of each Class A Share 2010 to be so redeemed. The Company shall, at least 30 days prior to the Liquidation Date, provide notice to each person who is a registered holder of Priority Equity Shares 2010 or Class A Shares 2010 to be redeemed of the intention of the Company to redeem such shares. Such notice shall set out the Liquidation Date and the manner and place or places within Canada at which such shares will be so redeemed.

Retraction Privileges

Class A Shares 2010 may be surrendered at any time for retraction to Computershare, but will be retracted only as of a Retraction Date. Class A Shares 2010 surrendered for retraction by a shareholder at least 20 business days prior to a Retraction Date will be retracted and the holder will receive payment on or before the Retraction Payment Date. If a holder of Class A Shares 2010 makes such surrender after 5:00 p.m. (Eastern Standard Time) on the 20th business day immediately preceding a Retraction Date, the Class A Shares 2010 will be retracted as of the Retraction Date in the following month and the holder will receive payment for the retracted shares on the Retraction Payment Date in respect of the Retraction Date in the following month. As at the most recent Valuation Date prior to the date of this Annual Information Form, the net asset value of the Company was \$8.91.

Except as noted below, holders of Class A Shares 2010 whose shares are surrendered for retraction will be entitled to receive a retraction price per share (“Class A Share 2010 Retraction Price”) equal to 98% of the net asset value per Original Unit determined as of the Retraction Date less the cost to the Company of the purchase of a Priority Equity Share 2010 in the market for cancellation. For this purpose, the cost of the purchase of a Priority Equity Share 2010 will include the purchase price of the Priority Equity Share 2010 and commissions and costs, if any, related to the liquidation of any portion of

the common shares of the Bank or Permitted Repayment Securities to fund the purchase of the Priority Equity Share 2010 (to a maximum of 1% of the net asset value per Original Unit). The Class A Share 2010 Retraction Price will also include all declared and unpaid dividends on the Class A Shares 2010 to but excluding such Retraction Date.

Shareholders also have an annual retraction right under which they may concurrently retract one Priority Equity Share 2010 and one Class A Share 2010 on the October Retraction Date in each year. The price paid by the Company for such a concurrent retraction will be equal to the net asset value per Original Unit calculated as of such date, plus all accrued and unpaid and declared and unpaid dividends on the Priority Equity Shares and Class A Shares 2010 so surrendered for retraction.

As disclosed below under “*Description of the Shares of the Company – Resale of Shares Tendered for Retraction*”, if the holder of Class A Shares 2010 tendered for retraction has not withheld his consent thereto in the manner provided in the retraction notice delivered to CDS through a CDS Participant, the Company may, but is not obligated to, require the Recirculation Agent to use its best efforts to find purchasers for any Class A Shares 2010 tendered for retraction prior to the relevant Retraction Payment Date pursuant to the Recirculation Agreement. In such event, the amount to be paid to the holder of the Class A Shares 2010 on the Retraction Payment Date will be an amount equal to the proceeds of the sale of the Class A Shares 2010 less any applicable commission. Such amount will not be less than the Class A Share 2010 Retraction Price. Holders of Class A Shares 2010 are free to withhold their consent to such treatment and to require the Company to retract their Class A Shares 2010 in accordance with their terms.

Subject to the Company’s right to require the Recirculation Agent to use its best efforts to find purchasers prior to the relevant Retraction Payment Date for any Class A Shares 2010 tendered for retraction, any and all Class A Shares 2010 which have been surrendered to the Company for retraction are deemed to be outstanding until (but not after) the close of business on the relevant Retraction Date, unless the Class A Share 2010 Retraction Price is not paid on the Retraction Payment Date, in which event such Class A Shares 2010 will remain outstanding.

The retraction right must be exercised by causing written notice to be given within the notice periods prescribed herein and in the manner described under “*Description of the Shares of the Company – Book-Entry System*”. Such surrender will be irrevocable upon the delivery of notice to CDS through a CDS Participant, except with respect to those Class A Shares 2010 which are not retracted by the Company on the relevant Retraction Date.

If any Class A Shares 2010 are tendered for retraction and are not resold in the manner described below under “*Description of the Shares of the Company – Resale of Shares Tendered for Retraction*”, the Company will, prior to the Retraction Payment Date, purchase for cancellation that number of Priority Equity Shares 2010 which equals the number of Class A Shares 2010 so retracted. Any Priority Equity Shares 2010 so purchased for cancellation will be purchased in the market.

Priority

The Class A Shares 2010 rank subordinate to the Priority Equity Shares 2010 with respect to the payment of dividends and subordinate to the Priority Equity Shares 2010 and the Class B Shares with respect to the repayment of capital on the dissolution, liquidation or winding-up of the Original Commerce Split Fund.

Resale of Shares Tendered for Retraction

The Company has entered into an agreement dated January 23, 2007, amended and restated effective March 24, 2010 (the “Recirculation Agreement”) with CIBC World Markets Inc. (the “Recirculation Agent”) and Computershare whereby the Recirculation Agent has agreed to use its best efforts to find purchasers for any Priority Equity Shares 2010 or Class A Shares 2010 tendered for retraction prior to the relevant Retraction Payment Date, provided that the holder of the Priority Equity Shares 2010 or Class A Shares 2010 so tendered has not withheld consent thereto. The Company is not obligated to require the Recirculation Agent to seek such purchasers but may elect to do so. In the event that a purchaser for such Priority Equity Shares 2010 or Class A Shares 2010 is found in this manner, the notice of retraction shall be deemed to have been withdrawn prior to the relevant Retraction Date and the Priority Equity Shares 2010 or Class A Shares 2010 shall remain outstanding. The amount to be paid to the holder of the Priority Equity Shares 2010 or Class A Shares 2010 on the relevant Retraction Payment Date will be an amount equal to the proceeds of the sale of the Priority Equity Shares 2010 or Class A Shares 2010 less any applicable commission. Such amount will not be less than the applicable Priority Equity Share 2010 Retraction Price or Class A Share 2010 Retraction Price.

Suspension of Retractions or Redemptions

The Company may suspend the retraction or redemption of Priority Equity Shares 2010 and Class A Shares 2010 or payment of retraction or redemption proceeds during any period when normal trading is suspended on one or more stock exchanges on which the common shares of the Bank are listed or, with the prior permission of the Ontario Securities Commission, for any period not exceeding 120 days during which the Company determines that conditions exist which render impractical the sale of assets of the Company or which impair the ability of the Company to determine the value of the assets of the Company. The suspension may apply to all requests for retraction received prior to the suspension but as to which payment has not been made, as well as to all requests received while the suspension is in effect. All shareholders making such requests shall be advised by the Company of the suspension and that the retraction will be effected at a price determined on the first Valuation Date following the termination of the suspension. All such shareholders shall have and shall be advised that they have the right to withdraw their requests for retraction. The suspension shall terminate in any event on the first day on which the condition giving rise to the suspension has ceased to exist provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over the Company, any declaration of suspension made by the Company shall be conclusive.

Book-Entry System

Registration of interests in and transfers of the Priority Equity Shares 2010 and Class A Shares 2010 will be made only through a book-entry system administered by CDS (the “book entry only system”). Priority Equity Shares 2010 and Class A Shares 2010 must be purchased, transferred and surrendered for retraction or redemption through a CDS Participant. All rights of an owner of Priority Equity Shares 2010 or Class A Shares 2010 must be exercised through, and all payments or other property to which such owner is entitled will be made or delivered by, CDS or the CDS Participant through which the owner holds such Priority Equity Shares 2010 or Class A Shares 2010. References in this Annual Information Form to a holder of Priority Equity Shares 2010 or Class A Shares 2010 mean, unless the context otherwise requires, the owner of the beneficial interest in such shares.

The ability of a beneficial owner of Priority Equity Shares 2010 or Class A Shares 2010 to pledge such shares or otherwise take action with respect to such owner’s interest in such shares (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

An owner of Priority Equity Shares 2010 or Class A Shares 2010 who desires to exercise retraction privileges thereunder must do so by causing a CDS Participant to deliver to CDS (at its office in the City of Toronto) on behalf of the owner a written notice of the owner's intention to retract shares, no later than 5:00 p.m. (Eastern Standard Time) on the relevant notice date. An owner who desires to retract Priority Equity Shares 2010 or Class A Shares 2010 should ensure that the CDS Participant is provided with notice of his intention to exercise his retraction privilege sufficiently in advance of the relevant notice date so as to permit the CDS Participant to deliver notice to CDS by the required time. The form for a retraction notice will be available from a CDS Participant or Computershare, the Company's transfer agent and registrar. Any expense associated with the preparation and delivery of such retraction notices will be for the account of the owner exercising the retraction privilege.

By causing a CDS Participant to deliver to CDS a notice of the owner's intention to retract shares, an owner shall be deemed to have irrevocably surrendered his shares for retraction and appointed such CDS Participant to act as his exclusive settlement agent with respect to the exercise of the retraction privilege and the receipt of payment in connection with the settlement of obligations arising from such exercise.

Any retraction notice which CDS determines to be incomplete, not in proper form or not duly executed shall for all purposes be void and of no effect, and the retraction privilege to which it relates shall be considered for all purposes not to have been exercised thereby. A failure by a CDS Participant to exercise retraction privileges or to give effect to the settlement thereof in accordance with the owner's instructions will not give rise to any obligations or liability on the part of the Company to the CDS Participant or the owner.

The Company has the option to terminate registration of the Priority Equity Shares 2010 or Class A Shares 2010 through the book entry only system, in which case certificates for Priority Equity Shares 2010 or Class A Shares 2010 in fully registered form would be issued to beneficial owners of such shares, or their nominees.

Meetings of Shareholders

Except as required by law or set out below, holders of Priority Equity Shares 2010 and Class A Shares 2010 will not be entitled to receive notice of, to attend or to vote at any meeting of shareholders of the Company.

Acts Requiring Shareholder Approval

The following matters require the approval of the holders of Priority Equity Shares 2010 and Class A Shares 2010 by a two-thirds majority vote (other than matters referred to in paragraphs (c), (l) and (m), which require approval of a simple majority vote) at a meeting called and held for such purpose:

- (a) a change in the fundamental investment objectives and strategy of the Company as they relate to the Original Commerce Split Fund;
- (b) a change in the investment restrictions of the Company as they relate to the Original Commerce Split Fund as described under "*Investment Restrictions*" in this Annual Information Form;
- (c) the entering into by the Company of transactions involving derivatives, other than the use of derivatives as described in this Annual Information Form and any other use of derivatives permitted under NI 81-102;

- (d) any change in the basis of calculating fees or other expenses that are charged to the Original Commerce Split Fund which could result in an increase in charges to the Original Commerce Split Fund;
- (e) the introduction of a fee or expense to be charged to the Original Commerce Split Fund or directly to shareholders of the Original Commerce Split Fund by the Company or Quadravest in connection with the holding of securities of the Company relating to the Original Commerce Split Fund that could result in an increase in charges to the Original Commerce Split Fund or its shareholders;
- (f) the approval to the appointment of a successor to Quadravest as manager following the resignation of Quadravest unless an affiliate is appointed;
- (g) the removal of Quadravest as manager and the appointment of a successor in the event that Quadravest is insolvent, or is in breach or default of its obligations under the Management Agreement (as defined below) and such breach or default is not cured within 30 days of notice of such breach or default being given to Quadravest;
- (h) the approval of any other change of manager of the Company unless an affiliate of Quadravest becomes the manager;
- (i) the approval of the assignment of the Investment Management Agreement (as defined below) by Quadravest, except to an affiliate;
- (j) the confirmation of the appointment of a successor to Quadravest in the event the Company terminates the Investment Management Agreement unless an affiliate is appointed;
- (k) the approval of the termination of the Investment Management Agreement by Quadravest, unless the reason for such termination is (i) a material breach or default by the Company of its obligations under the Investment Management Agreement where notice of such breach or default has been provided by Quadravest to the Company and it remains uncured for 30 days, or (ii) there has been a material change to the fundamental investment objectives, strategies or criteria of the Company;
- (l) a decrease in the frequency of calculating the net asset value;
- (m) a change of the auditors of the Company, unless such change does not require shareholder approval under applicable securities legislation;
- (n) any merger of the Company for which shareholder approval under NI 81-102 would be required;
- (o) any extension of the Termination Date for the Original Commerce Split Fund beyond December 1, 2014;
- (p) an amendment, modification or variation in the provisions or rights attaching to the Priority Equity Shares 2010, Class A Shares 2010 or Class B Shares; and

- (q) any other change for which the approval of the holders of the Priority Equity Shares 2010 and the Class A Shares 2010 is required under the provisions of the *Business Corporations Act* (Ontario).

Each Priority Equity Share 2010 and Class A Share 2010 will have one vote at such a meeting and will not vote separately as a class in respect of any vote taken (except for a vote in respect of the matters referred to in paragraphs (a), (b), (i), (o) and (p) above and any other matters referred to above if a class is affected by the matter in a manner different from the other classes of shares of the Company). Ten per cent of the outstanding Priority Equity Shares 2010 and Class A Shares 2010, respectively, represented in person or by proxy at the meeting will constitute a quorum. If no quorum is present, the holders of Priority Equity Shares 2010 and Class A Shares 2010 then present will constitute a quorum at an adjourned meeting.

Reporting to Shareholders

The Company will deliver (or, if permitted by law, make available) to each shareholder annual and semi-annual financial statements of the Original Commerce Split Fund, annual and interim management reports of fund performance for the Original Commerce Split Fund and such additional or other statements or reports relating to the Original Commerce Split Fund or the Company as may be required by law.

VALUATION OF PORTFOLIO SECURITIES

The net asset value of the Original Commerce Split Fund is calculated by RBC Dexia Investor Services Trust (“RBC Dexia”) as of each Retraction Date and as of the 15th day of each month or if the 15th day of each month is not a Business Day then the immediately preceding Business Day (each, a “Valuation Date”) by subtracting the aggregate amount of the Company’s liabilities attributable to the Original Commerce Split Fund from its total assets attributable to the Original Commerce Split Fund. The Company’s assets including those attributable to the Original Commerce Split Fund are valued in accordance with any requirements of law, including National Instrument 81-106 Investment Fund Continuous Disclosure (“NI 81-106”), and the following valuation principles of RBC Dexia:

- (a) the value of any cash on hand, on deposit or on call, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof, unless RBC Dexia determines that any such deposit or call loan is not worth the face amount thereof, in which event the value thereof shall be deemed to be such value as RBC Dexia determines to be the reasonable value thereof;
- (b) the value of any bonds, debentures, and other debt obligations shall be valued by taking the average of the bid and ask prices on a Valuation Date at such times as RBC Dexia, in its discretion, deems appropriate. Short-term investments including notes and money market instruments shall be valued at cost plus accrued interest;
- (c) the value of any security, index future or index options thereon which is listed on any recognized exchange shall be determined by the sale price at the time of valuation or, if there is no sale price, the average between the bid and the asked price on the day on which the net asset value is being determined, all as reported by any report in common use or authorized as official by a recognized stock exchange; provided that if such stock exchange is not open for trading on that date, then on the last previous date on which such stock exchange was open for trading;

- (d) the value of any security or other asset for which a market quotation is not readily available shall be its fair market value as determined by RBC Dexia;
- (e) the value of any security, the resale of which is restricted or limited, shall be the lesser of the value thereof based on reported quotations in common use and that percentage of the market value of securities of the same class, the trading of which is not restricted or limited by reason of any representation, undertaking or agreement or by law, equal to the percentage that the Company's acquisition cost was of the market value of such securities at the time of acquisition; provided that a gradual taking into account of the actual value of the securities may be made where the date on which the restriction will be lifted is known;
- (f) purchased or written clearing corporation options, options on futures, over-the-counter options, debt-like securities and listed warrants shall be valued at the current market value thereof;
- (g) where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Company shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the net asset value of the Original Commerce Split Fund. The securities, if any, which are the subject of a written clearing corporation option, or over-the-counter option shall be valued at their then current market value;
- (h) the value of a futures contract, or a forward contract, shall be the gain or loss with respect thereto that would be realized if, at the time of valuation, the position in the futures contract, or the forward contract, as the case may be, were to be closed out unless daily limits are in effect in which case fair value shall be based on the current market value of the underlying interest;
- (i) margin paid or deposited in respect of futures contracts and forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- (j) all assets of the Company attributable to the Original Commerce Split Fund valued in a foreign currency and all liabilities and obligations of the Company attributable to the Original Commerce Split Fund payable by the Company in foreign currency shall be converted into Canadian funds by applying the rate of exchange obtained from the best available sources to RBC Dexia including, but not limited to, RBC Dexia or any of its affiliates; and
- (k) all expenses or liabilities (including fees payable to Quadrainvest) of the Company attributable to the Original Commerce Split Fund shall be calculated on an accrual basis.

The value of any security or property to which, in the opinion of RBC Dexia, the above valuation principles cannot be applied (whether because no price or yield equivalent quotations are available as above provided, or for any other reason) shall be the fair value thereof determined in such manner as RBC Dexia from time to time provides. Quadrainvest does not have the discretion to require RBC Dexia to deviate from these valuation principles.

CALCULATION OF NET ASSET VALUE

The net asset value per Original Unit is the amount obtained by dividing the net asset value of the Company attributable to the Original Commerce Split Fund as at a particular Valuation Date by the total number of Original Units outstanding on that date. The net asset value per Original Unit, as of the most recent mid-month or month-end Valuation Date, will be provided by Quadravest to shareholders of the Original Commerce Split Fund on request and will be available electronically at any time to shareholders at www.commercesplit.com.

PURCHASES AND SWITCHES

Priority Equity Shares 2010 and Class A Shares 2010 are not currently being offered. There are no applicable switch rights.

RETRACTIONS AND REDEMPTIONS

Retraction and redemption rights are discussed above under “*Description of the Shares of the Company – Certain Provisions of the Priority Equity Shares*” and “*Description of the Shares of the Company – Certain Provisions of the Class A Shares*”.

MANAGEMENT OF THE COMPANY

Directors and Officers of the Company

The following are the names, municipalities of residence, office and principal occupations of the directors and officers of the Company.

<u>Name and Municipality of Residence</u>	<u>Office</u>	<u>Principal Occupation</u>
S. WAYNE FINCH ⁽¹⁾ Brampton, Ontario	Chairman, President, Chief Executive Officer and Director	Chief Executive and Chief Investment Officer, Quadravest Capital Management Inc.
LAURA L. JOHNSON Oakville, Ontario	Secretary and Director	Managing Director and Portfolio Manager, Quadravest Capital Management Inc.
PETER F. CRUICKSHANK Brampton, Ontario	Chief Financial Officer and Director	Managing Director and Chief Financial Officer, Quadravest Capital Management Inc.
WILLIAM C. THORNHILL Mississauga, Ontario	Director	President, William C. Thornhill Consulting Inc.
MICHAEL W. SHARP ⁽¹⁾ Toronto, Ontario	Director	Partner, Blake, Cassels & Graydon LLP

JOHN D. STEEP⁽¹⁾
Stratford, Ontario

Director

President, S Factor Consulting Inc.

⁽¹⁾ Member of the Audit Committee.

All of the directors and officers of the Company have held the same principal occupation for the five years preceding the date hereof.

The Manager

Pursuant to an agreement between the Company and Quadravest Inc. dated January 23, 2007, amended and restated as of March 24, 2010 and assigned to Quadravest effective June 1, 2010 (the "Management Agreement"), Quadravest is the manager of the Company and, as such, is responsible for providing or arranging for administrative services required by the Company including, without limitation, authorizing the payment of operating expenses incurred on behalf of the Company; preparing financial statements and financial and accounting information as required by the Company; ensuring that shareholders are provided with such financial statements (including semi-annual and annual financial statements) as they have requested and such other reports as are from time to time required by applicable law; ensuring that the Company complies with regulatory requirements and applicable stock exchange listing requirements; preparing the Company's reports to shareholders and the Canadian securities regulatory authorities; determining the amount of dividends to be paid by the Company; and negotiating contractual agreements with third-party providers of services, including registrars, transfer agents, auditors and printers.

Quadravest is required to exercise the powers and discharge the duties of its office under the Management Agreement honestly, in good faith and in the best interests of shareholders and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent manager would exercise in similar circumstances. The Management Agreement provides that Quadravest will not be liable in any way for any default, failure or defect in or diminution in the value of any of the securities held by the Company if it has satisfied the standard of care, diligence and skill set forth above. Quadravest will incur liability for wilful misconduct, bad faith, negligence or other breach of this standard of care.

Quadravest may resign as manager upon 60 days notice to shareholders and the Company or such lesser notice as the Company may accept. If Quadravest so resigns it may appoint its successor, but its successor must be approved by shareholders unless it is an affiliate of Quadravest. If Quadravest commits certain events of bankruptcy or insolvency or is in material breach or default of its obligations under the Management Agreement and such breach or default has not been cured within 30 days after notice of same has been given to Quadravest, the Company shall give notice thereof to shareholders and the shareholders may remove Quadravest as manager and appoint a successor manager. Except as described above, Quadravest cannot be terminated as manager of the Company.

Quadravest is entitled to fees for its services under the Management Agreement as described under "*Fees and Expenses*" and will be reimbursed for all reasonable costs and expenses incurred by it on behalf of the Company. In addition, Quadravest and each of its directors, officers, employees and agents will be indemnified by the Company under the Management Agreement from and against all legal fees, judgments and amounts paid in settlement, actually and reasonably incurred by Quadravest or any of its officers, directors, employees or agents in the exercise of its duties as manager, unless those fees, judgments or amounts paid in settlement were incurred as a result of a breach by Quadravest of the standard of care described above and provided the Company has reasonable grounds to believe that the

action or inaction that caused the payment of fee, judgment or amount paid in settlement was in the best interests of the Company.

The management services of Quadravest under the Management Agreement are not exclusive and nothing in the Management Agreement prevents Quadravest from providing similar management services to other investment funds and other clients (whether or not their investment objectives and policies are similar to those of the Company) or from engaging in other activities. For a list of the directors and officers of Quadravest, see “*Management of the Company – The Investment Manager*”.

The Investment Manager

Quadravest will manage the Company’s investment portfolio attributable to the Original Commerce Split Fund in a manner consistent with the investment objectives, strategy and criteria of the Original Commerce Split Fund pursuant to an agreement (the “Investment Management Agreement”) between the Company and Quadravest dated January 23, 2007, amended and restated as of March 24, 2010. Investment assets are generally managed by Quadravest to meet specific absolute return objectives rather than taking on the additional risk of targeting relative returns. As a result of the dual focus of absolute returns and capital preservation, Quadravest is able to adopt a more defensive approach in implementing its investment strategies than would be the case if it focused on relative returns. Quadravest relies on fundamental analysis in managing equity portfolios, such that it focuses on a company’s earnings history, relative price- earnings multiple, cash flow, dividend yield, market position and growth prospects.

Directors and Officers of Quadravest

The name and municipality of residence of each of the directors and officers of Quadravest, who also hold similar positions with Quadravest, are as set out below.

<u>Name and Municipality of Residence</u>	<u>Office</u>
S. WAYNE FINCH Brampton, Ontario	Chairman, President, Secretary, Chief Executive Officer, Chief Investment Officer and Director
LAURA L. JOHNSON Oakville, Ontario	Managing Director and Portfolio Manager
PETER F. CRUICKSHANK Brampton, Ontario	Managing Director and Chief Financial Officer

Wayne Finch is the Chairman and Chief Investment Officer of Quadravest. Mr. Finch has over 24 years of experience in designing and managing investment portfolios. Prior to forming Quadravest in 1997, Mr. Finch was Vice-President at another investment management firm where he was a portfolio manager of a number of publicly traded investment vehicles, and prior to that was a portfolio manager in the treasury operations of a major Canadian trust company where he managed a number of common and preferred share portfolios and mutual funds.

Laura L. Johnson is the Portfolio Manager and Managing Director of Quadravest. Ms. Johnson has over 18 years of experience in the financial services industry, including extensive experience with investment products employing investment strategies similar to those of the Company. Prior to forming Quadravest with Mr. Finch, Ms. Johnson was employed in the structured finance, equity and fixed income areas at another investment management firm where she worked extensively on investment products.

Peter F. Cruickshank is the Chief Financial Officer and Managing Director of Quadravest. Mr. Cruickshank is a chartered accountant who has spent the last 25 years of his career in the investment industry. Prior to joining Quadravest, he was a director and the chief financial officer of another investment management firm from 1986 to 1999.

Investment Management Agreement

The services to be provided by Quadravest pursuant to the Investment Management Agreement will include the making of all investment decisions for the Original Commerce Split Fund and managing its call option writing, all in accordance with the investment objectives, strategy and criteria of the Original Commerce Split Fund. Decisions as to the purchase and sale of securities for the Original Commerce Split Fund and as to the execution of all portfolio and other transactions will be made by Quadravest. In the purchase and sale of securities for the Original Commerce Split Fund and the writing of option contracts, Quadravest will seek to obtain overall services and prompt execution of orders on favourable terms.

Under the Investment Management Agreement, Quadravest is required to act at all times on a basis which is fair and reasonable to the Company, to act honestly and in good faith with a view to the best interests of the shareholders of the Company and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent portfolio manager would exercise in comparable circumstances. The Investment Management Agreement provides that Quadravest will not be liable in any way for any default, failure or defect in or diminution in the value of any of the securities in the Portfolio if it has satisfied the standard of care, diligence and skill set forth above. Quadravest will incur liability for any breach of this standard of care.

The Investment Management Agreement, unless terminated as described below, will continue in effect until the later of the final redemption of the Priority Equity Shares 2010 and Class A Shares 2010 on the Termination Date for the Original Commerce Split Fund and the final redemption of the Class I Preferred Shares, Class II Preferred Shares and Capital Shares on the Termination Date for the New Commerce Split Fund. The Company may terminate the Investment Management Agreement if Quadravest has committed certain events of bankruptcy or insolvency or is in material breach or default of the provisions of the agreement and such breach has not been cured within 30 days after notice of the breach has been given to Quadravest. Otherwise, Quadravest cannot be terminated as investment manager of the Company.

Except as set out below, Quadravest may not terminate the Investment Management Agreement or assign the same except to an affiliate of Quadravest, without shareholder approval. Quadravest may terminate the Investment Management Agreement if the Company is in material breach or default of the provisions thereof and such breach or default has not been cured within 30 days of notice of the breach or default to the Company or if there is a material change in the fundamental investment objectives, strategy or criteria of the Company.

If the Investment Management Agreement is terminated, the Board of Directors of the Company will promptly appoint a successor investment manager to carry out the activities of Quadravest until a meeting of shareholders of the Company is held to confirm such appointment.

Quadravest is entitled to fees for its services under the Investment Management Agreement as described under "*Fees and Expenses*" and will be reimbursed under the Investment Management Agreement for all reasonable costs and expenses incurred by it on behalf of the Company. In addition, Quadravest and each of its directors, officers, employees and agents will be indemnified by the Company from and against all legal fees, judgments and amounts paid in settlement, actually and reasonably

incurred by QuadraVest or any of its officers, directors, employees or agents in the exercise of its duties as investment manager, unless those fees, judgments or amounts paid in settlement were incurred as a result of a breach by QuadraVest of the standard of care described above and provided the Company has reasonable grounds to believe that the action or inaction that caused the payment of the fee, judgment or amount paid in settlement was in the best interests of the Company.

Registrar, Transfer Agent, Custodian and Auditors

Pursuant to a Transfer Agent, Registrar and Dividend Disbursing Agreement dated January 23, 2007, amended and restated effective March 24, 2010, Computershare, at its principal office in Toronto, has been appointed the registrar and transfer agent for the Priority Equity Shares 2010 and the Class A Shares 2010 and is responsible for assisting the Company in disbursing dividends and other distributions to holders of the Priority Equity Shares 2010 and the Class A Shares 2010.

Pursuant to an agreement (the “Custodian Agreement”) dated January 23, 2007, [amendment?] RBC Dexia has been appointed as the custodian of the assets of the Company. RBC Dexia is, in addition to acting as custodian, also responsible for certain aspects of the day-to-day administration of the Company, including processing retractions, calculating net asset values and maintaining the fund valuation books and records of the Company. The address of the RBC Dexia is 77 King Street West, 11th Floor, Royal Trust Tower, Toronto-Dominion Centre, Toronto, Ontario M5W 1P9 Attention: International Investment Products. RBC Dexia will not have any responsibility or liability for any assets of the Company which it does not directly hold or have control over (including through its sub-custodians), including, without limitation, any assets of the Company pledged to a counterparty pursuant to derivatives transactions entered into by the Company, if any. RBC Dexia is entitled to receive fees from the Company and to be reimbursed for all expenses and liabilities which are properly incurred by RBC Dexia in connection with the activities of the Company.

The auditors of the Company are PricewaterhouseCoopers LLP, 77 King Street West, Toronto, Ontario M5K 1G8.

CONFLICTS OF INTEREST

Principal Holders of Securities

All of the issued and outstanding Class B Shares of the Company are owned by Commerce Split Corp. Holding Trust (the “Trust”), of which S. Wayne Finch is the trustee and the holders of the Priority Equity Shares 2010, Class A Shares 2010, Class I Preferred Shares, Class II Preferred Shares and Capital Shares from time to time are the beneficiaries. As a result, any amount payable in respect of the redemption of Class B Shares on the Termination Date will be paid to the holders of such shares on such date. The Class B Shares are held in escrow by RBC Dexia pursuant to an agreement dated January 23, 2007 (the “Escrow Agreement”) between the Trust, RBC Dexia and the Company and will not be disposed of or dealt with in any manner until all such shares have been retracted or redeemed, except in certain circumstances contemplated by the Escrow Agreement.

Affiliated Entities

Except as disclosed in this Annual Information Form, no affiliated entities provide services to the Company.

Manager and Investment Manager

Quadravest is engaged in a variety of management, investment management and other business activities. The services of Quadravest under the Management Agreement and Investment Management Agreement are not exclusive and nothing in those agreements prevents Quadravest or any of its affiliates from providing similar services to other investment funds and other clients (whether or not their investment objectives, strategies and policies are similar to those of the Company) or from engaging in other activities. Quadravest's investment decisions for the Company will be made independently of those made for its other clients and independently of its own investments. However, on occasion, Quadravest may make the same investment for the Company and for one or more of its other clients. If the Company and one or more of the other clients of Quadravest are engaged in the purchase or sale of the same security, the transactions will be effected on an equitable basis.

Quadravest will receive the fees described under "*Fees and Expenses*" for its services to the Original Commerce Split Fund and will be reimbursed by the Original Commerce Split Fund for all expenses incurred in connection with the operation and administration of the Original Commerce Split Fund. S. Wayne Finch controls Quadravest Inc., which in turn owns all of the voting shares of Quadravest.

Insider Reporting

Quadravest and Quadravest Inc. have each undertaken to file, and have agreed to cause their directors and senior officers to file, insider trading reports as if the Company was not a mutual fund, in accordance with applicable securities legislation in respect of trades made by it or those directors and senior officers in shares of the Company.

The senior officers and directors of the Company have also undertaken to file insider trading reports, as if the Company was not a mutual fund, in accordance with applicable provincial securities legislation, for themselves. The Company has undertaken that it will not elect or appoint any person in the future as a senior officer or director unless such person undertakes to file insider trading reports as if the Company was not a mutual fund, in accordance with applicable provincial securities legislation and to deliver to each applicable provincial securities regulatory authority an undertaking to file insider trading reports in accordance with applicable provincial securities legislation. The foregoing undertakings shall remain in full force until such time as, in the case of the undertaking of Quadravest and Quadravest Inc., the voting shares of the Company are not controlled directly or indirectly by Mr. Finch; in the case of the undertakings of a director or senior officer of the Company, such person ceases to be a director or officer of the Company; or in each case all of the Priority Equity Shares 2010 and Class A Shares 2010 (as well as the Class I Preferred Shares, the Class II Preferred Shares and the Capital Shares of the New Commerce Split Fund) have been redeemed or retracted.

Brokerage Commissions

When the services and prices offered by more than one broker or dealer are comparable and satisfy best execution criteria, Quadravest may choose to effect portfolio transactions with brokers and dealers who provide services such as research, statistical data, financial and economic databases and other similar services. The following companies have provided financial information services that Quadravest uses as part of its investment decision making process and remuneration for these services was paid through brokerage commissions on trades executed by the company under "client commissions arrangements" (also known as "soft dollar arrangements"): American Stock Exchange, Bloomberg, Dow Jones Canada, Montreal Stock Exchange, Options Price Reporting Authority, PC Quote Canada, Thomson Reuters, New York Stock Exchange, Institutional Investor Services and TMX Group Inc.

FEES AND EXPENSES

Pursuant to the Management Agreement, Quadravest is entitled to an administration fee payable monthly in arrears at an annual rate equal to 0.1% of the Company's net asset value attributable to the Original Commerce Split Fund, calculated as at the last Valuation Date in each month, plus an amount equal to the service fee (the "Service Fee") payable to dealers. The Company will also pay any goods and services taxes or harmonized sales taxes applicable to this administration fee.

Quadravest will pay the Service Fee to each dealer whose clients hold Class A Shares 2010. The Service Fee will be calculated and paid at the end of each calendar quarter and will be equal to 0.50% annually of the value of the Class A Shares 2010 held by clients of the dealer. For these purposes, the value of a Class A Share 2010 at any time is the net asset value per Original Unit at such time less \$10.00. No Service Fee will be paid in any calendar quarter if regular dividends are not paid to holders of Class A Shares 2010 in respect of each month of such calendar quarter.

Pursuant to the terms of the Investment Management Agreement, Quadravest is entitled to a management fee payable monthly in arrears at an annual rate equal to 0.45% of the Company's net asset value attributable to the Original Commerce Split Fund calculated as at the last Valuation Date in each month. The Company will also pay any goods and services taxes or harmonized sales taxes applicable to this management fee. Quadravest is also entitled to receive from the Company an amount equal to the discount to net asset value not paid to shareholders for any monthly retractions of Priority Equity Shares 2010 or Class A Shares 2010 as an additional management fee.

FUND GOVERNANCE

The Board of Directors of the Company has overall responsibility for its corporate governance, as with all corporations. Three of the six directors of the Company are neither officers, directors or employees of Quadravest. The auditors are independent of the Company and Quadravest, as are Computershare and RBC Dexia.

Independent Review Committee

In accordance with the requirements National Instrument 81-107 Independent Review Committee for Investment Funds ("NI 81-107"), Quadravest has established an independent review committee ("IRC") consisting of Messrs. Thornhill and Steep, two of the independent directors of the Company, and Mr. Gordon A. M Currie, who acts as the chair of the IRC. Quadravest has established a single IRC which is responsible for all of the public investment funds which it manages, including the Original Commerce Split Fund.

Mr. Currie is the Executive Vice President, Secretary and General Counsel of George Weston Limited, which he joined in 2005. Prior to that, he was the General Counsel of Direct Energy, the North American subsidiary of Centrica plc. Prior to that, he was a partner at Blake, Cassels & Graydon LLP, specializing in securities law, having joined the firm in 1983. Mr. Thornhill is currently the President of William C. Thornhill Consulting Inc. Until July 2005, he was the Vice-Chairman of the Investment Manager. Prior to joining the Investment Manager, Mr. Thornhill spent over 30 years in the financial services business and held a number of senior positions at a major Canadian trust company including Executive Vice-President, Products, Senior Vice-President, Finance, and Vice-President, Treasury and Corporate Investments. Mr. Steep is currently the President of S Factor Consulting Inc. Prior to retiring in 2002, Mr. Steep spent over 30 years in the financial services business and retired as a Senior Vice-President at a major Canadian chartered bank.

Under NI 81-107, Quadrainvest must refer conflict of interest matters for review or approval to the IRC, and imposes obligations upon Quadrainvest to establish written policies and procedures for dealing with conflict of interest matters, to maintain records in respect of these matters and to provide assistance to the IRC in carrying out its functions. Each of the three executive officers of Quadrainvest work with the IRC in respect of these matters.

The IRC conducts regular assessments and provide reports to Quadrainvest and to shareholders in respect of its functions. Annual reports are filed on SEDAR and posted on the Company's website. Upon request made by a shareholder, the Company will deliver a copy of the most recent of such annual reports of the IRC to such shareholder without charge.

Members of the IRC currently receive compensation of \$15,000 per annum (\$25,000 per annum for the chair of the IRC) plus reimbursement of expenses. Annual compensation is apportioned among the various funds for which the IRC acts, including the Company, in Quadrainvest's discretion. During the fiscal year of the Company ended November 30, 2010, \$3,351 of such compensation in the aggregate was allocated to the Company in respect of the Original Commerce Split Fund. During such period, no reimbursement of expenses was made to the IRC members, and there was no change in the composition of the IRC during this period.

Use of Derivatives

Derivatives are used by the Company, principally exchange-traded options which are used in connection with the Company's covered call option writing program. They are not used for speculative purposes or for leverage. Derivatives must be used in compliance with the detailed rules in NI 81-102 which are designed to minimize counterparty risk and to ensure that the derivatives use is not speculative or involve the Company in leverage. The effective derivatives exposure of the Company, if any, is monitored by Quadrainvest on an on-going basis and any margin required in connection with the Company's derivatives positions is held by, and derivatives trading is undertaken with, independent third party organizations in compliance with the requirements of NI 81-102.

Voting of Portfolio Securities

Under the proxy voting policies and procedures adopted by the Company, Quadrainvest is required to vote (or decide to refrain from voting) all shares or other voting securities of the Company in accordance with its best judgement in this regard; provided that the Quadrainvest receives the proxy and related materials from the issuer or otherwise in sufficient time to cast such vote. Quadrainvest will consider each such proposal on its merits in light of the best interests of the Company and its shareholders. In order to aid in the evaluation process for each proxy proposal, Quadrainvest subscribes to the research services of Institutional Shareholder Services, a leading provider of proxy analysis and recommendations.

Where the Custodian must vote such securities in accordance with the instructions of Quadrainvest in this regard, Quadrainvest shall ensure that instructions are provided to the Custodian in accordance with its corporate action requirements in this regard.

Quadrainvest will maintain a proxy voting record which includes, each time the Company receives proxy voting materials, the name of the issuer in question; the stock exchange on which the securities are listed and the ticker symbol for such securities; the CUSIP number for the securities; the meeting date and whether the meeting was called by management or otherwise; a brief identification of the matters to be voted on at the meeting; whether, and if so how, the Company voted on such matters; and whether the votes cast by the Company were for or against the recommendations of management of the issuer.

The Company prepares by August 31 in each year a proxy voting record for the one-year period ending on June 30 of that year, and posts such record on its website. Upon request made by a shareholder by calling 1-877-478-2372 or writing to the Company at Investor Relations, Royal Trust Tower, 77 King Street West, P.O. Box 341, Toronto, Ontario M5K 1K7, the Company will deliver a copy of its proxy voting record, or of its policies and procedures with respect to proxy voting, to such shareholder without charge.

Short-Term Trading

Because the Priority Equity Shares 2010 and Class A Shares 2010 are listed on the TSX and are not issued and redeemed like a conventional mutual fund, the Company has no need of, and therefore has not developed, any policies with respect to the short-term trading by investors in those shares or entered into any arrangements with others to permit short term trading.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Blake, Cassels & Graydon LLP, counsel to the Company, the following is a summary of the principal Canadian federal income tax considerations generally relevant to investors who, for purposes of the Tax Act, are resident in Canada, deal at arm's length with the Company, hold their Priority Equity Shares 2010 and Class A Shares 2010 as capital property, are not affiliated with the Company and have not elected to compute their Canadian tax results using a currency other than Canadian dollars. This summary is based upon the facts set out in this Annual Information Form, the current provisions of the Tax Act, the regulations thereunder, and counsel's understanding of the current published administrative policies and assessing practices of the Canada Revenue Agency ("CRA") publicly available prior to the date hereof and relies as to certain factual matters on certificates of an officer of the Company and QuadraVest.

This summary is based on the assumptions that:

- (a) the Priority Equity Shares 2010 and the Class A Shares 2010 will at all times be listed on a designated stock exchange in Canada (which currently includes the TSX);
- (b) the Company was not established and will not be maintained primarily for the benefit of non-residents of Canada and at no time will the total fair market value of the shares of the Company held by persons who are non-residents of Canada and/or partnerships (other than Canadian partnerships within the meaning of the Tax Act) exceed 50% of the fair market value of all of the outstanding shares of the Company;
- (c) the issuers of securities in the Portfolio will not be foreign affiliates of the Company or any shareholder;
- (d) the investment objectives and restrictions applicable to the Original Commerce Split Fund will at all relevant times be as set out in this Annual Information Form and that the Company will at all times comply with such investment objectives and restrictions; and
- (e) the Company will not invest in or hold (i) securities of or an interest in any non-resident entity, an interest in or a right or option to acquire such property, or an interest in a partnership which holds any such property if the Company (or the partnership) would be required to include any significant amounts in income pursuant to section 94.1 of the Tax Act, or (ii) any interest in a trust which would require the Company to report income in connection with such interest pursuant to the rules in proposed section 94 of the Tax Act

set forth in the draft legislative proposals released by the Minister of Finance (Canada) on August 27, 2010 (or amendments to such proposals, provisions as enacted into law or successor provisions thereto).

This summary also takes into account specific proposals to amend the Tax Act announced prior to the date hereof by the Minister of Finance (Canada) (the “Proposed Amendments”) and assumes that the Proposed Amendments will be enacted as proposed. No assurances can be given that the Proposed Amendments will become law.

This summary is not exhaustive of all possible federal income tax considerations and does not take into account or anticipate any changes in law, whether by legislative, governmental or judicial action, other than the Proposed Amendments. This summary does not deal with foreign, provincial or territorial income tax considerations, which may differ from the federal considerations. This summary does not apply to shareholders that are “financial institutions” as defined in section 142.2 of the Tax Act.

This summary is of a general nature only and does not constitute legal or tax advice to any particular investor. Investors are advised to consult their own tax advisors with respect to their individual circumstances and in particular the draft proposals to amend the Tax Act released on October 31, 2003 relating to the deductibility of interest and other expenses (the “October 2003 Proposals”).

Tax Treatment of the Company

The Company qualifies, and intends at all relevant times to qualify, as a “mutual fund corporation” as defined in the Tax Act. As a mutual fund corporation, the Company is entitled in certain circumstances to a refund of tax paid by it in respect of its net realized capital gains. In certain circumstances where the Company has recognized a capital gain in a taxation year, it may elect not to pay capital gains dividends in that taxation year in respect thereof and instead pay refundable capital gains tax, which may in the future be fully or partially refundable upon the payment of sufficient capital gains dividends and/or capital gains redemptions. Also, as a mutual fund corporation, the Company maintains a capital gains dividend account in respect of capital gains realized by the Company and from which it may elect to pay dividends (“capital gains dividends”) which are treated as capital gains in the hands of the shareholders of the Company (see “*Canadian Federal Income Tax Considerations – Tax Treatment of Shareholders*” below).

The Company will be required to include in computing its income all dividends received. In computing its taxable income, the Company will generally be entitled to deduct all taxable dividends received on shares of taxable Canadian corporations (unless shares are subject to a Forward Agreement with a specified financial institution). Dividends received by the Company on other shares will, however, be included in computing the income of the Company, and will not be deductible in computing its taxable income.

The Company is a “financial intermediary corporation” (as defined in the Tax Act) and, as such, is not subject to tax under Part IV.1 of the Tax Act on dividends received by the Company nor is it generally liable to tax under Part VI.1 of the Tax Act on dividends paid by the Company on “taxable preferred shares” (as defined in the Tax Act). As a mutual fund corporation (which is not an “investment corporation” as defined in the Tax Act), the Company will generally be subject to a refundable tax of 33 $\frac{1}{3}$ % under Part IV of the Tax Act on taxable dividends received during the year to the extent such dividends are deductible in computing taxable income of the Company. This tax is fully refundable upon

payment of sufficient dividends other than capital gains dividends (“Ordinary Dividends”) by the Company.

The Company will purchase common shares of the Bank with the objective of earning dividends thereon over the life of the Company, and intends to treat and report transactions undertaken in respect of such shares on capital account. Generally, the Company will be considered to hold such shares on capital account unless the Company is considered to be trading or dealing in securities or otherwise carrying on a business of buying and selling securities or the Company has acquired the securities in a transaction or transactions considered to be an adventure in the nature of trade.

In computing the adjusted cost base of any particular security, the Company will generally be required to average the cost of that security with the adjusted cost base of all other identical securities owned by the Company and held as capital property at the time of acquisition, including, for this purpose, any securities held in connection with the New Commerce Split Fund.

The Company will write covered call options with the objective of increasing the yield on its assets beyond the dividends received on the common shares of the Bank. In accordance with CRA’s published administrative practice, transactions undertaken by the Company in respect of such options will be treated and reported for purposes of the Tax Act on capital account.

Premiums received on call options written by the Company (to the extent such call options relate to securities actually owned by the Company at the time the option is written and such securities are held on capital account as discussed above) will constitute capital gains of the Company in the year received, and gains or losses realized upon dispositions of securities owned by the Company (whether upon the exercise of call options written by the Company or otherwise) will constitute capital gains or capital losses of the Company in the year realized. Where a call option is exercised the proceeds received by the Company for the option will be included in the proceeds of disposition of the securities sold pursuant to the option and the premium received for such option will not give rise to a capital gain at the time the option is written.

Generally, the Company will include gains and deduct losses on income account in connection with investments made through derivative securities (except where such derivatives are used to hedge, and are sufficiently linked with, Portfolio securities held on capital account), and will recognize such gains or losses for tax purposes at the time they are realized by the Company. The Company may also use derivative instruments for hedging purposes. In accordance with CRA’s published administrative practice, gains or losses realized on such derivatives hedging Portfolio securities held on capital account will be treated and reported for tax purposes on capital account, where there is sufficient linkage between such derivatives and such Portfolio securities.

To the extent that the Company earns income (other than dividends from taxable Canadian corporations and taxable capital gains) including interest or dividends from corporations other than taxable Canadian corporations, the Company will be subject to income tax on such income and no refund will be available in respect thereof.

The Company has advised counsel that it has elected in accordance with the Tax Act to have each of its “Canadian securities” (as defined in subsection 39(6) of the Tax Act) treated as capital property. Such an election ensures that gains or losses realized by the Company on dispositions of Canadian securities will be taxed as capital gains or capital losses.

The Company has acquired and may continue to acquire Permitted Repayment Securities in connection with the Priority Equity Portfolio Protection Plan. The holding of Permitted Repayment Securities may result in the Company earning taxable income or gain.

The Company may enter into one or more Forward Agreements in connection with the Priority Equity Portfolio Protection Plan. The Company will not realize income, gain or loss as a result of entering into such a Forward Agreement. If the obligations of the Company and the Counterparty under such a Forward Agreement are settled by making cash payments, a payment made or received by the Company may be treated as an income outlay or receipt, as applicable. Gains or losses realized by the Company on the sale or other disposition of the Permitted Repayment Securities subject to a Forward Agreement will be treated as capital gains or capital losses.

Upon maturity of such a Forward Agreement, if the Company delivers underlying shares to the Counterparty and receives from the Counterparty the price stipulated in the Forward Agreement, then provided that all such shares are Canadian securities, as defined in subsection 39(6) of the Tax Act, any gains or losses realized by the Company upon disposition of such shares will be treated as capital gains or capital losses.

The October 2003 Proposals were released by the Department of Finance (Canada) for public comment and propose that the Tax Act be amended to require, for taxation years commencing after 2004, that there be a “reasonable expectation of cumulative profit” from a business or property in order for a taxpayer to deduct any loss incurred by the taxpayer from the business or property, and would provide that profit, for this purpose, does not include capital gains. The October 2003 Proposals could potentially have an adverse effect on the deductibility by the Company of certain otherwise deductible expenses. On February 23, 2005, the Minister of Finance (Canada) announced that an alternative proposal to replace the October 2003 Proposals would be released for comment at an early opportunity; no such proposal has been released to date. There can be no assurance that such alternative proposal will not adversely affect the Company.

Notwithstanding that the New Commerce Split Fund and the Original Commerce Split Fund are administered as separate investment funds, the Company is a single legal entity and is treated for purposes of the Tax Act as a single taxpayer.

Tax Treatment of Shareholders

Shareholders must include in income Ordinary Dividends received from the Company. For individual shareholders, Ordinary Dividends will be subject to the usual gross-up and dividend tax credit rules with respect to taxable dividends paid by taxable Canadian corporations under the Tax Act. An enhanced gross-up and dividend tax credit is available on “eligible dividends” received or deemed to be received from taxable Canadian corporations which are so designated by the corporation. Ordinary Dividends received by a corporation other than a “specified financial institution” (as defined in the Tax Act) will normally be deductible in computing its taxable income. The Company may enter into a Forward Agreement in connection with the Priority Equity Portfolio Protection Plan. If the Counterparty under such an agreement is a specified financial institution, Ordinary Dividends received by a corporation following the entry into such Forward Agreement will not be deductible in computing the corporation’s taxable income.

In the case of a holder that is a specified financial institution, Ordinary Dividends received on a particular class of shares will be deductible in computing its taxable income only if either (a) the specified financial institution did not acquire the shares in the ordinary course of its business; or (b) at the time of the receipt of the dividends by the specified financial institution the shares of that class are listed on a

designated stock exchange in Canada, and dividends are received in respect of not more than 10% of the issued and outstanding shares of that class by (i) the specified financial institution, or (ii) the specified financial institution and persons with whom it does not deal at arm's length (within the meaning of the Tax Act). For these purposes, a beneficiary of a trust will be deemed to receive the amount of any dividend received by the trust and designated to that beneficiary, effective at the time the dividend was received by the trust, and a member of a partnership will be considered to have received that partner's share of a dividend received by the partnership, effective at the time the dividend was received by the partnership.

Ordinary Dividends on Priority Equity Shares 2010 will generally be subject to a 10% tax under Part IV.1 of the Tax Act when such dividends are received by a corporation (other than a "private corporation" or a "financial intermediary corporation", as defined in the Tax Act) to the extent that such dividends are deductible in computing the corporation's taxable income. Such corporations should consult their own tax advisors with respect to whether Ordinary Dividends on the Class A Shares are subject to Part IV.1 tax when received by such corporations.

A shareholder which is a private corporation for purposes of the Tax Act, or any other corporation controlled directly or indirectly by or for the benefit of an individual (other than a trust) or a related group of individuals (other than trusts) may be liable to pay a 33 1/3% refundable tax under Part IV of the Tax Act on Ordinary Dividends received on Class A Shares or Priority Equity Shares, to the extent that such dividends are deductible in computing the corporation's taxable income. Where Part IV.1 tax also applies to an Ordinary Dividend received by a particular corporation, the rate of Part IV tax payable by such corporation on such dividend is reduced to 23 1/3%.

The amount of any capital gains dividend received by a shareholder from the Company will be considered to be a capital gain of the shareholder from the disposition of capital property in the taxation year of the shareholder in which the capital gains dividend is received.

The current policy of the Company is to pay monthly distributions and, in addition, to pay a special year-end dividend to holders of Class A Shares where the Company has net taxable capital gains upon which it would otherwise be subject to tax (other than taxable capital gains in respect of options that are outstanding at year end) or would not otherwise obtain a refund of refundable tax in respect of dividend income. Therefore, a person acquiring Class A Shares may become taxable on income and capital gains that accrued before such person acquired such shares and on realized gains that have not been distributed before such time.

The Company may make returns of capital in respect of the Class A Shares 2010. A return of capital in respect of a Class A Share 2010 will not be included in the income of the holder of the share, but will reduce the adjusted cost base of such share. To the extent that the adjusted cost base of a Class A Share 2010 would otherwise be less than zero, the negative amount will be deemed to be a capital gain realized by the shareholder from the disposition of the share and the adjusted cost base will be increased by the amount of such deemed capital gain.

Upon the redemption, retraction or other disposition of a share, a capital gain (or a capital loss) will be realized to the extent that the proceeds of disposition of the share exceed (or are less than) the aggregate of the adjusted cost base of the share and any reasonable costs of disposition. If the holder is a corporation, any capital loss arising on the disposition of a share may in certain circumstances be reduced by the amount of any Ordinary Dividends received on the share. Analogous rules apply to a partnership or trust of which a corporation, partnership or trust is a member or beneficiary. For purposes of computing the adjusted cost base of each share of a particular class, a shareholder must average the cost of such share with the adjusted cost base of any shares of that class already held as capital property.

One-half of a capital gain is included in computing income as a taxable capital gain and one-half of a capital loss may be deducted against taxable capital gains to the extent and under the circumstances prescribed in the Tax Act. A shareholder that is a Canadian-controlled private corporation will be subject to an additional refundable tax of 6 2/3% of aggregate investment income, which includes an amount in respect of taxable capital gains.

Individuals (other than certain trusts) realizing net capital gains or receiving dividends may be subject to an alternative minimum tax under the Tax Act.

MATERIAL CONTRACTS

The following contracts can reasonably be regarded as material to holders of Priority Equity Shares and Class A Shares:

- (a) the Management Agreement described under “*Management of the Company — The Manager*”;
- (b) the Investment Management Agreement described under “*Management of the Company — The Investment Manager — Investment Management Agreement*”;
- (c) the Recirculation Agreement described under “*Description of the Shares of the Company — Resale of Shares Tendered for Retraction*”; and
- (d) the Custodian Agreement described under “*Registrar and Transfer Agent, Custodian and Auditors*”.

Copies of the foregoing agreements have been filed on SEDAR at www.sedar.com.

ADDITIONAL INFORMATION – RISK FACTORS

The following are certain considerations relating to an investment in Priority Equity Shares 2010 or Class A Shares 2010 which existing or prospective investors should consider. There can be no assurance that the Company will be successful in meeting its dividend and capital repayment objectives, and the Priority Equity Shares 2010 and Class A Shares 2010 may trade in the market at a premium or discount to their proportionate shares of the net asset value of the Original Commerce Split Fund.

Concentration Risk

The assets of the Company attributable to the Original Commerce Split Fund will consist exclusively of common shares of the Bank and Permitted Repayment Securities acquired by the Company under its Priority Equity Portfolio Protection Plan. As a result, the Company’s portfolio attributable to the Original Commerce Split Fund is highly concentrated and this lack of diversification could have a negative impact on the value of the Priority Equity Shares 2010 and the Class A Shares 2010.

Risks Associated with an Investment in the Common Shares of the Bank

Investors should review carefully the materials such as financial statements, management information circulars, annual information forms, material change reports and press releases relating to the Bank and its subsidiaries and made publicly available by it from time to time (the “Bank Public Documents”), and in particular the most recently filed annual information form of the Bank, for a

discussion of the risk factors applicable to the Bank and its common shares. The Bank Public Documents are available electronically through SEDAR at www.sedar.com.

The Bank may at any time decide to decrease or discontinue the payment of dividends on its common shares. Any decrease in the dividends received by the Company on the common shares of the Bank it holds for the Original Commerce Split Fund will decrease the dividend coverage ratio for the Priority Equity Shares 2010, and could make it more difficult for the Company to reinstate the payment of dividends on the Priority Equity Shares 2010 and the Class A Shares 2010.

The Bank has not participated in the establishment of the Company nor in the Capital Reorganization, nor in the preparation of this Annual Information Form, and takes no responsibility and assumes no liability for the accuracy or completeness of any information contained in this Annual Information Form.

An investment in the Priority Equity Shares 2010 or the Class A Shares 2010 does not constitute an investment in the common shares of the Bank. Holders of the Company's Priority Equity Shares 2010 or Class A Shares 2010 will not own the common shares of the Bank held by the Company and will not have any voting or other rights with respect to such shares.

Fluctuations in Net Asset Value

The net asset value of the Company attributable to the Original Commerce Split Fund will vary primarily according to the value of the common shares of the Bank it holds in respect of the Original Commerce Split Fund. The value of such shares will be influenced by factors which are not within the control of the Company, including the financial performance of the Bank, its dividend payment policies and financial market and economic conditions generally. An investment in the Priority Equity Shares 2010 or Class A Shares 2010 is appropriate only for investors who have the capacity to absorb a loss of some, or in the case of the Class A Shares 2010 all, of that investment. The net asset value of the Company attributable to the Original Commerce Split Fund at any time may be more or less than the notional issue price of the Priority Equity Shares 2010 and the Class A Shares 2010 or the price at which an investor can purchase Priority Equity Shares 2010 or Class A Shares 2010 on the TSX.

Class A Shares Represent a Leveraged Investment

Holders of the Class A Shares 2010 will enjoy a form of leverage, in that any capital appreciation in the common shares of the Bank held by the Company attributable to the Original Commerce Split Fund will be for the benefit of the holders of the Class A Shares 2010 once all accrued and unpaid dividends on the Priority Equity Shares 2010 and the Priority Equity Share 2010 Repayment Amount have each been paid on the Termination Date for the Original Commerce Split Fund, together with any other liabilities of the Company attributable to the Original Commerce Split Fund. In the event that the value of the common shares of the Bank decreases, this leverage will work to the disadvantage of the holders of the Class A Shares 2010, as any capital loss incurred by the Company attributable to the Original Commerce Split Fund on those shares will effectively first be for the account of the holders of the Class A Shares 2010. If the net asset value of the Company on the Termination Date of the Original Commerce Split Fund is equal to or less than \$10.00 per Original Unit plus the value of any accrued and unpaid dividends on the Priority Equity Shares 2010, the Class A Shares 2010 will then have no value. As at February 15, 2011, the net asset value per Original Unit plus the value of all accrued and unpaid dividends on the Priority Equity Shares 2010 amounted to \$9.96.

Applicability of Mutual Fund Rules

Although the Company is considered to be a mutual fund under the securities legislation of certain provinces of Canada, it has been granted an exemption from certain requirements of NI 81-102 and NI 81-106 of the Canadian Securities Administrators governing the disclosure and related requirements of public investment funds, so as to permit the Company to operate as described in this Annual Information Form and its Initial Prospectus.

No Assurances of Achieving Objectives

There is no assurance that the Company will be able to achieve its monthly distribution and long-term capital appreciation objectives in respect of the Original Commerce Split Fund. In particular, there can be no assurance that the Company will be able to pay, or pay the full targeted, monthly dividends on the Priority Equity Shares 2010 and the Class A Shares 2010. An investment in the Priority Equity Shares 2010 and Class A Shares 2010 is therefore appropriate only for investors who have the ability to withstand dividends not being paid on the Priority Equity Shares 2010 or the Class A Shares 2010 for any period of time.

Interest Rate Fluctuations

It is anticipated that the market price of the Priority Equity Shares 2010 and Class A Shares 2010 may, at any time, be affected by the level of interest rates prevailing at such time. A rise in interest rates may have a negative effect on the market price of the Priority Equity Shares 2010 and Class A Shares 2010.

Use of Options and Forward Contracts

The Company is subject to the full risk of its investment position in the common shares of the Bank, including those shares that are subject to outstanding call options, should the market price of such shares decline. In addition, the Company will not participate in any gain on the shares of the Bank that are subject to outstanding call options above the strike price of the options.

There can be no assurance that a liquid exchange or over-the-counter market will exist to permit the Company to write covered call options on desired terms or to close out option positions should Quadravest desire to do so. In purchasing call options, the Company is subject to the credit risk that its counterparty (whether a clearing corporation in the case of exchange traded instruments, or other third party in the case of over-the-counter instruments) may be unable to meet its obligations. The ability of the Company to close out its positions may also be affected by exchange-imposed daily trading limits on options. If the Company is unable to repurchase a call option which is in-the-money, it will be unable to realize its profits or limit its losses until such time as the option becomes exercisable or expires.

The use of options may have the effect of limiting or reducing the total returns of the Company if Quadravest's expectations concerning future events or market conditions prove to be incorrect. If the value of the common shares of the Bank decreases, it may be difficult for the Company to recover losses on those shares and meet its annual targeted distributions. In such an event, the Company would have to increase the number of the common shares of the Bank that are subject to covered call options in order to meet its annual targeted distributions.

The Company has entered into one a Forward Agreement pursuant to the Priority Equity Portfolio Protection Plan in order to provide for payment of the Priority Equity Share 2010 Repayment Amount on the Termination Date for the Original Commerce Split Fund. The possibility exists that the Counterparty

or the guarantor of the obligations of the Counterparty pursuant to a Forward Agreement will default on their payment obligations thereunder or that the proceeds of such agreement will be used to satisfy other liabilities of the Company, which liabilities could include obligations to third-party creditors in the event that the Company has insufficient assets excluding the Forward Amount to pay its liabilities, including liabilities of the New Commerce Split Fund to the extent they exceed the assets of the Company attributable to the New Commerce Split Fund. If any of these eventualities should occur, holders of the Priority Equity Shares 2010 will not receive the Priority Equity Share 2010 Repayment Amount on the Termination Date for the Original Commerce Split Fund.

In addition, in the event of an early termination of the Forward Agreement in accordance with the terms thereof, the Company may be unable to pay holders of the Priority Equity Shares 2010 the Priority Equity Share 2010 Repayment Amount on the Termination Date for the Original Commerce Split Fund. The Counterparty's termination rights under the Forward Agreement include a right to terminate if the Counterparty is unable to hedge its obligations under that agreement. It is not possible to assess the likelihood of early termination due to the Counterparty's inability to hedge over the term of a Forward Agreement. In certain circumstances, the Company may be obligated by the requirements of the Canadian securities regulatory authorities to undertake a partial termination of a Forward Agreement to reduce the Company's exposure to a Counterparty. In the event of an early termination of the Forward Agreement, or its partial termination, the Company will seek to enter into additional forward, derivative or other transactions or purchase Permitted Repayment Securities in order to further its ability to pay to holders of the Priority Equity Shares 2010 the Priority Equity Share 2010 Repayment Amount on or before the Termination Date for the for the Original Commerce Split Fund., but it is not possible to assess the Company's ability to do so.

Risks Associated with the Priority Equity Portfolio Protection Plan

As a result of the dramatic decline in the value of the common shares of the Bank occurring over 2008 and 2009, the Company in accordance with the terms of the Priority Equity Portfolio Protection Plan was required to invest primarily in Permitted Repayment Securities, and the ability of the Company to generate dividend or other income for the holders of the Priority Equity Shares 2010 has thereby been impaired. Furthermore, the portion of the Company's assets that are invested in common shares of the Bank has decreased, with the result that the exposure of the holders of the Class A Shares 2010 to the common shares of the Bank has decreased, resulting in a decrease in the extent to which the holders of the Class A Shares 2010 have a leveraged investment in those common shares. The sale of common shares of the Bank and purchase of Permitted Repayment Securities has made it difficult for the Company to meet its cumulative dividend requirements on the Priority Equity Shares 2010 and its annual targeted distributions on the Class A Shares 2010, and no such dividends have been paid on either such class of shares since the Capital Reorganization, and were not paid on the Priority Equity Shares after January 30, 2009 or on the Class A Shares after May 31, 2008.

Reliance on the Investment Manager

Quadravest manages the assets of the Company attributable to the Original Commerce Split Fund in a manner consistent with its investment objectives, strategy and restrictions. The officers of Quadravest who will be primarily responsible for the management of the assets of the Company attributable to the Original Commerce Split Fund have extensive experience in managing investment portfolios. There is no certainty that such individuals will continue to be employees of Quadravest throughout the term of the Original Commerce Split Fund.

Conflicts of Interest

Quadravest is engaged in a variety of management, investment management and other business activities. The services of Quadravest under the Management Agreement and Investment Management Agreement are not exclusive and nothing in those agreements prevents Quadravest or any of its affiliates from providing similar services to other investment funds and other clients (whether or not their investment objectives, strategies and policies are similar to those of the Company) or from engaging in other activities. Quadravest's investment decisions for the Company will be made independently of those made for its other clients and independently of its own investments. However, on occasion, Quadravest may make the same investment for the Company and for one or more of its other clients. If the Company and one or more of the other clients of Quadravest are engaged in the purchase or sale of the same security, the transactions will be effected on an equitable basis.

Trading Prices of Shares

The Priority Equity Shares 2010 and the Class A Shares 2010 may trade in the market at a premium or discount to the price implied by the net asset value per Original Unit, and there can be no assurance that such shares will together trade at a price equal to such amount. This risk is separate and distinct from the risk that the net asset value per Original Unit may decrease, or possibly be zero.

Retractions; Suspension of Retractions

If holders of a substantial number of Priority Equity Shares 2010 or Class A Shares 2010 exercise their retraction rights, the number of such shares outstanding and the net asset value of the Company attributable to the Original Commerce Split Fund could be significantly reduced with the effect of decreasing the liquidity of the Priority Equity Shares 2010 and Class A Shares 2010 in the market and increasing the management expense ratio of the Original Commerce Split Fund. If the net asset value per Original Unit were to decline to less than \$5,000,000 as a result of such retractions (or as a result of declines in the value of the Company's assets attributable to the Original Commerce Split Fund), a Liquidation Event would occur and the Priority Equity Shares 2010 and the Class A Shares 2010 would then be redeemed.

The Company may suspend the retraction of Priority Equity Shares 2010 and Class A Shares 2010 or payment of redemption proceeds during any period when normal trading is suspended on any stock exchange on which the common shares of the Bank are listed, or with the prior permission of the Ontario Securities Commission, for any period not exceeding 120 days during which the Company determines that conditions exist which render impractical the sale of assets of the Company or which impair the ability of the Company to determine the value of the assets of the Company attributable to the Original Commerce Split Fund. In the event of a suspension of retractions, holders of Priority Equity Shares 2010 or Class A Shares 2010 would experience reduced liquidity. See "*Description of the Shares of the Company – Suspension of Retractions and Redemptions*".

Changes in Legislation

There can be no assurance that income tax laws relating to the treatment of a mutual fund corporation under the Tax Act will not be changed in a manner which adversely affects the distributions received by the shareholders and/or the value of the Priority Equity Shares 2010 or Class A Shares 2010.

Treatment of Proceeds of Disposition and Option Premiums

In determining its income for tax purposes, the Company will treat gains and losses realized on the disposition of securities held by it, option premiums received on the writing of covered call options and any losses sustained on closing out options as capital gains and capital losses in accordance with CRA's published administrative practice. Gains or losses on the disposition of Permitted Repayment Securities upon delivery under a Forward Agreement will be treated as capital gains or capital losses. CRA's practice is not to grant advance income tax rulings on the character of items as capital or income and no advance income tax ruling has been applied for or received from CRA.

If, contrary to CRA's published administrative practice, some or all of the transactions undertaken by the Company in respect of options and securities (other than Permitted Repayment Securities) were treated on income rather than capital account, or if contrary to the advice of counsel or as a result of a change of law, the character and timing of the gain under a Forward Agreement were other than a capital gain on sale of the Permitted Repayment Securities thereunder, after-tax returns to holders of Class A Shares 2010 and Priority Equity Shares 2010 could be reduced and the Company may be subject to non-refundable income tax in respect of income from such transactions, and the Company may be subject to penalty taxes in respect of excessive capital gains dividend elections.

Tax Proposals Regarding Mutual Fund Corporation Status

The tax treatment of the Company and its shareholders depends in part upon the Company being a "mutual fund corporation" for tax purposes. On September 16, 2004, the Minister of Finance (Canada) released certain proposals to amend the Tax Act (the "September Tax Proposals") pursuant to which a corporation, such as the Company, would lose its status as a mutual fund corporation if at any time after 2004 the aggregate fair market value of all issued and outstanding shares of the corporation held by one or more non-resident persons and/or by partnerships which are not Canadian partnerships for purposes of the Tax Act is more than 50% of the aggregate fair market value of all the issued and outstanding shares of the corporation unless no more than 10% (based on fair market value) of the corporation's property is at any time taxable Canadian property and certain other types of specified property. The September Tax Proposals currently do not provide any means of rectifying the loss of mutual fund corporation status. On December 6, 2004, such Minister tabled a Notice of Ways and Means Motion to implement measures proposed in the 2004 Budget. Such Motion was incorporated into Bill C-33, which received Royal Assent on May 13, 2005. Such Notice did not include the September Tax Proposals and this fact was specifically referred to in the accompanying release.

The Priority Equity Shares and Class A Shares of the Company were marketed only in Canada under the Initial Prospectus, and provided the Company complies with its investment criteria and restrictions in respect of the Original Commerce Split Fund, it is not anticipated that more than 10% of the fair market value of the Company's assets will at any time consist of taxable Canadian property and such other specified property, with the result that Quadinvest does not anticipate that the September Tax Proposals (even if enacted in their current form) would lead to a loss of mutual fund corporation status for the Company.

COMMERCE SPLIT CORP.

Original Commerce Split Fund

Additional information about the Company and about both the Original Commerce Split Fund and the New Commerce Split Fund is available in their respective management reports of fund performance and financial statements. These documents are available on the Company's website at www.commercesplit.com. These documents and other information about the Company and the Funds, such as information circulars and material contracts, are also available through SEDAR (the System for Electronic Document Analysis and Retrieval) at www.sedar.com.
